

## **Ural Airlines are increasing the weekly number of flights to Dubai to 14**

In autumn 2011, the Ural Airlines Company intends to extend its international network, which will total ten Russian cities connected through scheduled flights made by the aircraft of the company to Dubai. The air carrier will offer flights to the United Arab Emirates to passengers from Nizhny Novgorod, Kazan, Samara, Krasnodar, Novosibirsk, Mineralnye Vody, Chelyabinsk, Ufa and Krasnoyarsk. In addition, the number of flights from Ekaterinburg to Dubai will be increased to three flights a week.

The representatives of the Ural Airlines' Press Service informed [RusBusinessNews](#) that the schedule is adjusted to the connecting flights of the interline partner - Emirates Airlines based in Dubai. The minimum price of the round-trip ticket will range from 399 to 799 euro, depending on the departure airport.

Ural Airlines Company was among the first Russian air carriers that offered scheduled flights to the United Arab Emirates. The first aircraft of the airline company landed in Dubai in 1993.
